e-CODEX

Connecting the European e-Justice community

eECODEX / *making justice faster.eu*

18 million couples of mixed nationality need to deal with issues regarding Children, Properties and Pensions.

EU cross border
e-Commerce is potentially
€ 415 billion per year.
This requires easily
accessible legal protection.

The terrorist responsible for the Berlin attack travelled through Italy, Germany, the Netherlands and France. He was known by legal authorities in multiple Member States.
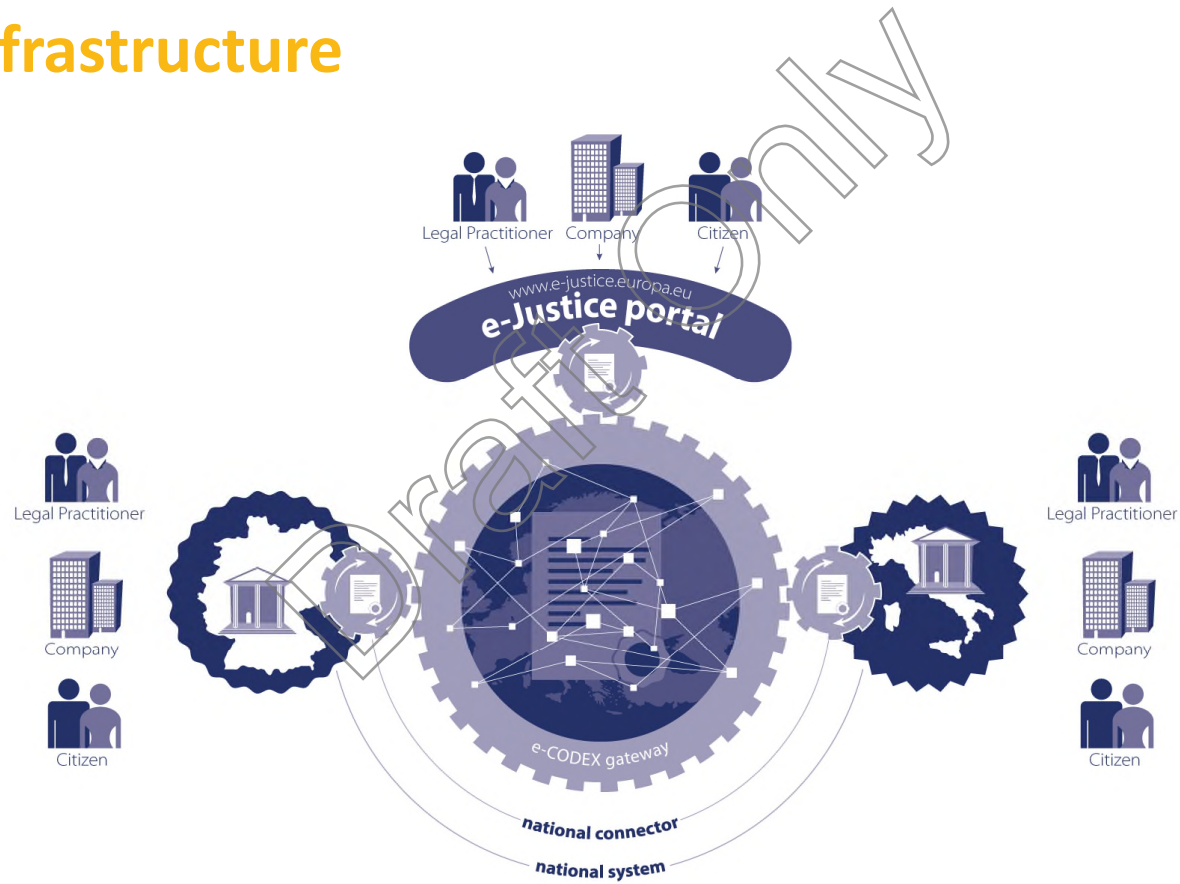

e-CODEX at a glance

- e-CODEX supports overcoming the legal boundaries:
  Making Europeans feel safer and legally protected in Europe

- e-CODEX provides easy access to cross border justice for Citizens, Business and Legal Professionals in Europe

- Through a European digital infrastructure for secure cross border communication in the field of justice

e-CODEX principles

- Subsidiarity

- Preserve investments national IT solutions

- Cope with different legal systems

- Create methodology for mutual equal interpretation

- Provide re-usable software modules
